Barraquer needle holder, designed and realized with a specific finger rest pad which ensures a greater precision level by facilitating the user's control during operation.

Porta aghi Barraquer, progettato con uno specifico poggia dito il quale agevola l'utilizzo ottimizzando la precisione durante l'intervento.

Double locking wings in tempered inox, for longer duration and perfect use.

Doppie alette di chiusura in inox temperate, per un lungo e perfetto utilizzo.

Internal spring facilitates the use of the needle holder.

La molla interna facilita l'utilizzo del porta aghi.

“ MEDESYS IN SPOT

The needle-holders in pure titanium are characterized by a special lightness and high endurance degree. Manufactured with smooth tips for very thin needles (8-0, 9-0, 10-0) and a safety double-wing locking system. Blue anodized.

I porta aghi in Titanio si contraddistinguono per la loro leggerezza e resistenza in genere. Presentano punte lisce per aghi molto sottili (8-0, 9-0, 10-0) ed un sistema di chiusura a doppia aletta. Anodizzati blu. ”
